The Probable Outcome of the
Deadman Trial—Defend-
ant's Story.

The case against Thos. Deadman,
colored, charged with assaulting Mrs.
Lee Stanley two weeks ago, was still
on trial in the circuit court at 3
o'clock, and will probably not be dis-
posed of today. At press time there
were about eight or ten witnesses yet
to hear.

Deadman, the defendant, was
placed on the stand this morning
and told a straight story. He
claimed he was paying tobacco at
the Wash. Horton place in
Hullard county on the day
in question, and had been
since the first Sunday in May. He
was subjected to a rigid cross exami-
nation, but could not be shaken.
There were several other witnesses
who fully corroborated him, and
were positively that he was in Hull-
ard county paying tobacco on the
day the assault was committed. The
commonwealth's witnesses could give
nothing but their opinion, and sev-
eral said they thought Deadman was
the man, including Mrs. Stanley,
who was shot.

In the face of the more conclusive
evidence, however, it looks like the
only result can be Deadman's ac-
quittal.

WANTED IN MAYFIELD.

Youthful Thief Caught Here. Will
Be Taken Back to Mayfield.

Oscar McKinney is the name of a
youth from Mayfield arrested this
forenoon by Officer Gray on a charge
of larceny, on information from
Graves county.

McKinney claims to be eight years
old, but it is said by others that he
is 12. He rode a "blind baggage"
in from Mayfield yesterday after-
noon and shortly after arriving here
sold a watch to a man for a dollar.
The watch proved to have been
stolen there, and it is further
claimed that he broke into a show
case there and stole a fine knife.

Marshal McNitt is expected this
afternoon from Mayfield to escort the
young gentleman back home.

AGUINALDO SENDS HIS LAST WARNING.

(Scripps-McRae Service.)

NEW YORK, June 11.—A dispatch to the Journal from Hong Kong says that today has been set by Aguinaldo, the insurgent leader, for the final attack upon Manila. Admiral Dewey is reported to have insisted that the observance of the rules of civilized warfare be adhered to by the insurgents, but that he expected to take no part in the attack. General Aguinaldo has notified Augusti, the commander of the Spanish forces at Manila, that unless he withdraws the reward for Aguinaldo's head, that he would have Augusti's head. Beyond this Aguinaldo agreed that everything would be properly done.

FRENCH AID FOR THE SPANIARDS.

Startling Reports That Material Aid to the Spaniards is on Its
Way Under the French Flag—Blanco Urges General
Linares to Wait For Reinforcements.

Scripps-McRae Service.

KEY WEST, June 11.—A Cuban scout just ar-
rived from Havana reports that General Blan-
co has advised General Linares, the command-
er of the Spanish land troops at Santiago, that
a hundred French expert artillerymen, with
field guns and a large supply of ammunition,
will reach Cuba in a week on a vessel flying the
French flag. Blanco also urged General Linares
to hold out for these reinforcements. The scout
reports that the situation in Havana is getting
worse, and that the condition of the poor peo-
ple is rapidly approaching the starvation point.
Sampson is arming insurgents at Santiago.

SANTIAGO BOMBARDMENT YESTERDAY.

Report That Santiago Was Attacked Yesterday by Sampson, and
That the Spaniards Were Defeated—Spanish Reports Say
the Americans Failed in Making a Landing.

Scripps-McRae Service.

NEW YORK, June 11.—A special dispatch to
the New York Journal says that the Spaniards
were overwhelmingly defeated yesterday at
Santiago in the bombardment by Sampson.

A rumor was circulated in London last night
that Santiago and Cervera surrendered yester-
day after a three hours' hot battle.

A Madrid dispatch says that the bombard-
ment of Santiago lasted three hours, but the
Americans failed to make a landing.

A Tribune dispatch says the Spaniards are
landing Cervera's guns to make a desperate re-
sistance to land forces.

MONDAY IS THE DAY FOR SAILING.

Nothing Preventing General Shafter and His 27,000 Troops Will
Sail For Santiago Monday, Convoys by a Fleet of
Sixteen War Ships.

Scripps-McRae Service.

WASHINGTON, June 11.—Unless circum-
stances make a change advisable, it is now
thought the transports off Tampa loaded with
troops for Santiago will put to sea on Monday.
The delay has been caused by the fear that
some Spanish vessels were reported to be
cruising across the course that the transports
would take in going to Santiago. A fleet of
warships strong enough to defeat any Spanish
fleet that could be gathered together will con-
voy the transports. The fleet will be headed by
the battleship Indiana. It is said that sixteen
warships will compose the fleet.

TALKING ABOUT PEACE.

Scripps-McRae Service.
Berlin, June 11.—The Krenz Zer-
tung this morning reiterates the
statement that several of the Euro-
pean powers have interchanged opin-
ions regarding the advisability of
mediation to secure peace between
the United States and Spain.

Washington, June 11.—The edi-
tors of the state department here say
that they know absolutely nothing
about the proposed peace overtures
that it is said are being discussed by
the European powers. It is regarded
here that the rumors of mediation are
groundless and are being set about
by Spain.

WILL HOLD GUANTANAMO.

Scripps-McRae Service.
Kingston Jamaica, June 11.—The
Scripps-McRae dispatch boat Ely, re-
ports that the Marblehead has re-
turned to Guantanamo Bay and is
now holding the harbor awaiting the
arrival of mariners to take possession
of the town of Caimanera.

Only a small force will be needed
as the city is a natural fortification.
On Tuesday the Marblehead chased
a small Spanish gunboat, but it es-
caped.
The insurgents report that pro-
visions are becoming very scarce and
that there is great suffering among
the poor in Santiago.

BASE OF OPERATIONS SELECTED.

Admiral Sampson Chooses Guantanamo Harbor—The Stars and
Stripes Float Over the Spanish Fort at Caimanera—
600 Marines Landed Yesterday.

Scripps-McRae Service.

Mole St. Nicholas, June 11.—News by dispatch boat Simpson, which
has just arrived from the Guantanamo harbor, says the first landing by the
American troops was effected at Caimanera at two o'clock Friday after-
noon. The stars and stripes were planted over the ruins of the Spanish
blockhouse. Six hundred marines were landed from the Panther under
guard of the warships Marblehead, Yankee, Yosemite, Oregon, Porter,
Dolphin, Vixen, Panther and a collier. Half a dozen fishermen's houses
were burned as a precaution against yellow fever. The landing was made
without shelling the place. The purpose of Admiral Sampson is to estab-
lish a naval base there.

Guantanamo bay is considered a good base for both naval and military
operations. Though thirty miles from Santiago, the hills are not precipi-
tous and an almost level road leads to Santiago, over which siege guns and
pack trains can easily be moved.

ber of prominent citizens were pres-
ent. In responding to a toast in his
honor, Gen. Merritt said that the
success of the American troops in the
Philippines could not be doubted.
The territory acquired by the United
States by right of conquest should
not be relinquished. What the navy
has won the army will hold. He
closed by saying:

"I believe in the new national
policy of the United States, which
looks to the acquisition of additional
territory, represented in outlying
islands that are requisite for the de-
velopment of national strength and
growth."

His sentiments were heartily ap-
plauded.

MUST MOVE ON.

Scripps-McRae Service.
London, June 11.—A Buenos
Ayers dispatch says that the govern-
ment of Paraguay has ordered the
Spanish torpedo boat "Temoraria"
which is now at Asuncion either to
dis-arm or to leave port. The captain
says he will leave as soon as repairs
are completed.

THE PHILIPPINE EXPEDITION.

Scripps-McRae Service.
San Francisco, June 11.—Eight
hundred and fifty recruits of the regu-
lar infantry arrived here this morn-
ing from Atlanta to join the Philip-
pine expedition. The Monadnock is
coaling at Mare Island. Her consort,
Nero, has been docked for some light
repairs. Both will be ready to sail
about Wednesday.

The first part of the second Ma-
nilla expedition, which altogether will
take over 12,000 men, is expected to
sail this afternoon.

It is still believed here that the
Monitor Monterey will seize the Car-
oline Islands before going to Manila.

STRIKE ENDED.

South Bend, Ind., June 11.—The
Singer Sewing Machine works strike
has ended, the strikers accepting the
manager's proposition.

A BEAUTIFUL TRIBUTE.

Commodore Schley has paid a
beautiful tribute to the valor of Lieut-
enant Hobson and the gallant crew
of the collier Merrimac.

He says: "History does not
record an act of finer heroism than
that of the gallant men who are
prisoners over there. I watched the
Merrimac as she made her way to the
entrance of the harbor and my heart
sank as I saw the perfect hell of fire
that fell upon those devoted men.
I did not think it was possible one of
them could have gone through it
alive. They went into the jaws of
death. It was Balaklava over again
without the means of defense which
the light brigade had. Hobson led
a forlorn hope without power to cut
his way out. But fortune once more
favored the brave, and I hope he will
have the recognition and promotion
he deserves. His name will live as

DEWEY, SAMPSON AND HOBSON.

The eyes of all patriotic citizens
are now riveted upon Admirals
Dewey and Sampson and Lieut.
Hobson, the three gallant defenders
of the "Star Spangled Banner," who
in our righteous war for "humanity
and liberty," have recently by con-
spicuous ability, daring exploits and
grand achievements, made the Ameri-
can navy the wonder and the admi-
ration of the civilized world; and in
consequence, rejoicing hearts of all
true Americans are today beating
with pardonable pride. Commodore
Bozen, was once a "jackey" him-
self, and none more than he, delights
in paying homage to our brave her-
oes of the sea; and to this end, a
complimentary entertainment will be
given at his headquarters on Satur-
day evening, June 11, between the
hours of 8 and 12 p. m. at which his
white apron brigade will serve in
great profusion Dewey cocktails,
Hobson punches and Sampson tur-

selves on this occasion, with the as-
surance that royal treatment awaits
them.

The Sun has been the recipient of many compliments on account of its enterprise in securing the Scipio-Melita news service. The pleasure with which the people of this city note the steady progress of the Sun is most gratifying to the Sun's management.

It can be said that it is not the intention of the Sun to stop here in its advancement, but other improvements will soon be made which will add to the efficiency of the Sun and increase its value to the reading public.

With a spirit of legitimate pride the publishers of the Sun ask a comparison of its columns with those of other papers in this city. The Sun is willing to base its claims for patronage upon its merits alone.

The unrivaled telegraphic service yesterday is but an illustration of the service that the Sun will give its readers from day to day which will be a complete review of the leading events of the day's doings.

What is the use talking about the "growth of the spirit of conquest?" Was there ever a time since the settlement of Jamestown and the landing of the pilgrims when the spirit of conquest, or the acquisition of dominion, was not over us? What we did not capture directly by force of arms we did indirectly. When we did not wish to fight we purchased. There never has been an hour when the spirit of conquest and territorial extension was not our moving force. Whether we were killing Indians, fighting Mexicans, annexing Texas, buying from Napoleon or Spain, it has always been "more land and a greater country."

A LATE dispatch says Spain's capitulation is only a matter of a few days, and that Uncle Sam's terms are the independence of Cuba, the cession of the Philippines and Porto Rico to the United States and the payment of \$500,000,000 indemnity by Spain. "Unquestionable peace is in sight." But by what kind of a "sight?"

McINLEY PROSPERITY.

The manufacturers of the United States are making, in the fiscal year which closes with this month, their greatest record in competing for the markets of the world. Not only will the exports of manufactured articles for the fiscal year exceed those of any previous year, but for the first time in the history of the country they will exceed the imports of manufactures.

In the ten months of the fiscal year whose detailed record the bureau of statistics has just completed, the exports of manufactures exceed by over \$10,000,000 the value of the manufactures imported, and it is probable that for the full year's record this excess will reach \$50,000,000.

In no preceding year in the history of the country have the exports of manufactures equaled in value the imports of manufactured articles. In the fiscal year of 1897 the imports of manufactured articles exceeded the value of exports of manufactures by the sum of \$27,362,217; in 1896, by \$104,759,734, and in 1895 by \$121,413,783.

Nearly every branch of the great manufacturing industries has shared in this growth of sales to other parts of the world. The exports of agricultural implements, for instance, which in 1888 were about \$2,600,000 in value, will in the year 1898 be in round numbers \$6,000,000. Locomotive engines, whose exportation in 1888 was less than \$500,000 in value, will in 1898 reach probably \$4,000,000, orders for more than 150 engines having been placed with the great manufacturing establishments during the last two months for use in China, Japan, Russia, Egypt, Australia and South America. Bar iron, of which 1,500,000 pounds were sent abroad in 1888, this year 10,000,000 will be exported. Builders' hardware, the export of which in 1888 was valued at \$1,442,635, was in the last fiscal year of \$1,152,838 in value.

The exports of cut nails, which in 1888 amounted to 11,963,664 pounds, will in 1898 amount to more than 35,000,000 pounds, an increase

of 200 per cent. Wire nails have increased over 1,000 per cent, the exports of wire, wrought and horseshoe nails in 1888 being 1,547,078 pounds, while those of 1898 will reach nearly if not quite 20,000,000 pounds. Exports of iron plates and sheets, which in 1888 were less than 1,000,000 pounds, will in the year which ends with this month amount to nearly 8,000,000 pounds, while those of steel plates and sheets, which were but 119,119 pounds in 1888, will exceed 20,000,000 pounds in 1898.

The total value of the exports of manufactures of iron and steel which in 1888 amounted to \$17,763,051 will in 1898 exceed \$65,000,000. The exports of leather and manufactures thereof, which in 1888 amounted to less than \$10,000,000, will in 1898 exceed \$20,000,000 in value. Exports of illuminating oils, which in 1888 amounted to 456,000 gallons, will in 1898 exceed 8,000,000 gallons, while lubricating oils which in 1888 were less than 20,000,000 gallons will in 1898 reach 55,000,000 gallons. The exportations of paraffin and paraffin wax, which in 1888 were 36,000,000 pounds, will in 1898 reach 110,000,000 pounds. Soap increases from 19,000,000 pounds in 1888 to over 27,000,000 pounds in 1898; glass and glassware from \$881,618 in 1888 to \$1,208,187 in 1898; manufactures of rubber from \$866,867 in 1888, to \$1,807,155 in 1898.

Manufactures of cotton show an increase of 50 per cent, in the value of their exports during the last ten years; exports of chemicals have also increased 50 per cent, in value during the same time. Manufactures of brass have increased from \$308,124 in 1888 to over \$1,400,000 in 1898, while manufactures of copper, including ingots and bars, which in 1888 were \$3,812,798, were last year \$31,621,125, and seem likely to exceed that sum in 1898.

In numerous other manufactured articles there have been similar gains, nearly the entire list having shared in a greater or less degree in the growth of the export trade during the last decade. The total exportation of manufactures in 1888 amounted to \$130,300,047 and in 1898 seems likely to reach nearly or quite \$290,000,000.

HEAVY COST OF LOBBY WORK.

Not a little sensation has been stirred up over the report of the cost of lobby work for the Methodist book concern, of Nashville, on a claim for damages growing out of the destruction of property by the soldiers during the war.

W. K. Curtis telegraphs from Washington to the Chicago Record: It is now admitted that Messrs. Barbee and Smith the managers of the book concern, reported to the general conference at Baltimore the other day that the sum of \$100,800, which is 35 per cent, of the amount appropriated by congress, was actually paid to E. B. Stahlman, the lobbyist of the Louisville & Nashville railroad, for securing the passage of the bill. It is also admitted that Barbee and Smith, representing the book concern, made a contract with Stahlman several years ago, agreeing to give him 35 per cent, of any morning that might be appropriated for his professional services as a lobbyist, and the claim was increased by the amount and the claim was increased by the amount in order to compel the government to pay the bill.

The report referred to was suppressed and will not appear in the published proceedings of the conference in order to prevent a scandal particularly because Barbee and Smith have repeatedly declared in public that no fees were paid to lobbyists, and that no agreement was ever made to pay them. Several members of the conference criticized and others condemned the transaction. An attempt was made to mollify them by instructing that a portion of the money be set aside as a fund for the relief of superannuated ministers. But this was not satisfactory. It did not quiet the consciences of several of the brethren, and they still insist that all of the money excess of the actual losses suffered by the book concern should be returned to the United States treasury. They declare that it would be an insult to offer any clergyman money that was obtained by fraud from congress, and that Barbee and Smith should be disciplined, because they have shown themselves unworthy to be intrusted with the responsibilities of the book concern, as they gave a solemn assurance to senators from Tennessee, Florida and other southern states that no portion of the money appropriated should be used to pay lobbyists, while they had a contract with Col. Stahlman to pay him 35 per cent, of the proceeds in their hands.

Circuit court begins Monday at Mayfield, and among other cases will be that against Bob Blanks, the alleged rascal.

Some of the people in Mayfield do not like the idea of the governor sending troops there, but no law abiding citizen can consistently object because the past fully justifies the governor.

It may be, however, that when the troops go down to Mayfield, the seat of war may be shifted for a few days. There is an element in Mayfield that has always declared that Blanks should be lynched, and this is the one likely to cause trouble.

SOCIETY NOTES.

The handsome home of Mrs. Jas. Clements, on West Broadway, was the scene of a very beautiful affair when this charming hostess entertained with a progressive euchre party Friday morning. Tables were arranged for the guests in parlor, library and hall, which were radiant with the fragrant perfume of June roses. After several exciting rounds of this proverbially fascinating game, the very daintily designed score cards declared Mrs. Chas. Mcquipt, winner of the club prize, Mrs. Lloyd W. Boswell winner of the visitor's prize and to Miss Irma Hecht the trophy was presented. The guests on this enjoyable occasion were: Madeline Long, of Louisville, I. D. Wilcox, King Brooks, A. R. Meyers, L. W. Russell, Chas. Mcquipt, H. E. Thompson; Misses Mayne Glass, of Madison, Ind., Mae and Fannie Higgins, of St. Louis, Speer, of Chicago, Mary Sowell, Mae Paxton, Irma Hecht, Annie May Veiser, Mary Mcquipt, Janet Campbell, Kansas McKnight, Mary Burnett, and Elizabeth Segenfelder.

The annual commencement of the Paducah Public High School will take place at Morton's opera house Monday evening, June 13, at 8 o'clock. The graduates are: Myrtle Greer, Edna Wright, May Harris, Rosa Kolb, Jessie Mikesell, May Hymarsh, Elizabeth Jarvis, Maud Vance, Myrtle Decker, Jettie Davis, Joyce Smith, Minnie Terrell, Mary Kames, Edith Bailey, Mary Gageon, Louise Kirehalt, John W. Wolf, Stuart Clark, Sidney Edwin Wolf, Joseph West, Willie Winston, Charles Arker, Harry Gilbert and Silas Mitchell.

OUR FAIR OLD GRADUATES.

A writer in a Tennessee town in describing a type of fair girls at a recent commencement says: Fairer is she than the skies, sweeter than all the flowers above her; radiant she stands, eager for life before her. Lessons are learned, the school doors are swinging to; the great world waits outside. The sky is bright above her; down the path she looks and sees only flowers and the smiling faces of friends, hears the music of the birds and catches the echo from the dance. Her feet are impatient for the race. Run it she will, and run it swiftly. May she run it well. Life is a poem. Her days and hours will be so passed as to make the rhyme. Life is moving music. She turns from the sweet melody of school days to lift her voice in the symphony of womanhood.

VISITORS' ENTERTAINMENT.

In honor of visiting young ladies in the city the young men in society last evening gave a dancing party at Remons park. It being the first open air fete of the season, a large crowd was present. Among them were: Mesdames J. P. Campbell, Will McQuipt, Sowell, George Langstaff, Charles Mcquipt, I. D. Wilcox, Long, of Louisville; Hicks, Misses Speer, of Chicago; Mae and Annie Higgins, of St. Louis; Ann Reed, Virginia Reed, Janet Campbell, Mary K. Sowell, Geraldine Sanders, Alice Samlers, Laura Sanders, Corrie Grundy, Pauline Vaughan, Mary Burnett, Emma McKnight, Marie Noble, Jessie Nash, Ormie Hand, Mae Paxton, Caroline Sowell, Floss Owen, Lela Goodwin, Francis Clark, Lizzie Segenfelder, Messrs. Mrs. J. P. Campbell took a party of married ladies to Cairo on a pleasure trip this morning.

Unless signs go for nothing there will surely be a wedding in society before the leaves fall again. The young lady is "divinely tall and divinely fair," and can be seen most every day trudging along the popular thoroughfare with huge bundles under her arm on her way to the maidens, who will spend many hours designing pretty things for the trousseau.

Another rumor is that two sisters residing on Jefferson street will soon have a double wedding. One of the grooms-to-be is from the East, and the other is a Broadway business man.

A Broadway young lady residing in the West End might come under the same list, as we have heard that a Henderson young man makes frequent visits to our city strictly on business.

Mrs. Henry E. Thompson has as her guests three charming young ladies from Jackson, Tenn.

Mrs. Long, of Louisville, arrived in the city Wednesday on a visit to Mrs. I. D. Wilcox.

Mr. Walter S. Johnson left Tuesday evening for Jackson.

Miss Mayne Glass leaves for her home in Madison, Ind., next week, after a month's visit to Mrs. James Clements.

Miss Louise LaRue, of Bowling Green, will accompany the Paducah girls home from Nashville, and will be the guest of Mrs. I. D. Wilcox for several weeks.

Miss Alma Reis, of Evansville, will be the guest of Mrs. H. E. Thompson for a few hours today.

Mrs. Henry Burnett and family leave Tuesday for Henderson on visit relatives.

MUSKETS WITH HISTORY.

Something Interesting of Some

Formerly Used Here.

Col. E. W. Crumbaugh, in getting

up the old state property, found one

old musket that has an interesting

history. It does not properly belong

to the state, but was formerly used

in the state guards.

During the late war several old

muskets that had been captured from

the confederates, were taken to

Washington and there stored. They

proved to have been used by the

body guard of Queen Victoria, of

England, and had the crown and all

stamped on them. They were bought

down south somewhere by the union

forces.

Years ago fifty of them were sent

here to the Jackson guards, and used

for some time. They disappeared

for some time, and were afterwards

found in an attic, in the building

where Klein Bros.' cigar store now

is. They were then used until the

state guards were mustered out,

many of them being carried by the

boys until the last. How many were

turned over to the state is unknown,

but there are few to be found here

now. Engineer Joe Flach, of the

little Owen, has one. Another was

found at Mr. Forshee's dye house.

PERSONALS.

There Have Been Many Patients

at the Railroad Hospital.

This has been a banner week at the

Illinois Central hospital. The sur-

geons have brought in during the

week, all told, about 22 patients to

have a surgical operation of some

kind performed. There were all

sorts of operations from the amputa-

tion of both limbs to the mere bind-

ing of a fractured finger.

Last night there was two brought

in.

One was Frank Bush, a brakeman,

who had a leg broken at Big Clifty

yesterday.

Another was W. T. Houser, of the

city, who had a long piece of steel

penetrate his arm at the shops.

This morning Richard Henderson,

of Lacey, Tenn., was brought in with

one ear cut half off, and various

other injuries. He went to sleep on

a track with a rail for a pillow, and

when the train came along neglected

to get up. It struck him, and it is

probable that there was enough

left of him to bury.

And Jones has a poet in the land, who unloads himself in the following:

While the bugle call is sounding,
And the mighty cannons roar,
Don't forget your home surroundings
And the comforts at your door.

Remember, that your little ones,
When they are grown to men,
Will look back upon their home
As their greatest treasure then.

Do not hesitate a moment
Less another day be lost;
You can make your dwelling home-like,
At surprising little cost.

Your credit's ever good with us,
For what you want to take;
Should you not have the ready cash,
We'll let you payments make.

Our stock is new and most complete;
Our prices close and right.
Our store is spacious, cool and neat;
Our clerks are all polite.

Be cautious, and with all your "It's,"
Be sure that the goods that hang to your list
Are bought from our store,
And selected with care from the following list

Bedroom suits in cherry and oak
(They're fine as silk, and "Tain't no joke!";
Rockers, hat racks and sideboards too,
And wire spring cots that are strictly new;
Folding beds and desks that charm,
And cooking stoves that are mighty warm;
Baby buggies, cradles, refrigerators and trunks,
Which we'll continue to swap for a very few "plunks!"
Our line is so slick it will almost slide;
Then we've tables
